2025/12/06 05:26 1/2 Image Viewer

Image Viewer

When you open an image in the file explorer, the image viewer opens automatically and displays the image. It also creates a list of all the other images in the same folder in the preview pane, so that you can view them at the same time.

Button	Function	Description
-	Back	Go back to previous image.
	Forward	Go forward to the next image.
•	Zoom In	Zoom in on the image.
	Zoom Out	Zoom out of the image.
P	90° CW	Rotate the image 90° clockwise.
1	90° CCW	Rotate the image 90° counterclockwise.
	Slide Show	Start and stop the slideshow. This will display all the images in the same folder and automatically change to the next image at an interval of 6 seconds. Click Slide Show again to stop the slideshow.
